Fine Cigars in a Fine Case

It is an old saying that "clothes do not make the man," but when it comes to cigars, and the facilities for storing them and keeping them in condition, the reverse is true. You can take the best cigar in the world and, unless it is kept just moist enough, the bouquet is entirely lost.

We have just installed the finest and largest cigar case and humidifier in West Kentucky. The growth of our cigar business and the immense stock which we carry made it necessary. More than ever, ours is

INTERNATIONAL SUNDAY SCHOOL WORK

Report of Secretary Shows Tremendous Advance.

Enrollment and Financial Strength Doubled in Three Years—10,000 Teachers Training Graduates.

JOHN STITES NEW PRESIDENT

Louisville, Ky., June 20.—"More and more our church leaders recognize that teacher training is the Sunday school's greatest problem."

This and other significant statements are in the report of W. C. Pearce, of Chicago, international superintendent of the teacher training department of Sunday schools, which was made at the afternoon session of the international Sunday school convention. The work of teacher training on a wide scale is one of the newer departures of work of the association, and the report of Mr. Pearce of the work accomplished in this direction and the outlook for the future was of especial interest.

The report states that leaders of all denominations were never so united in the determination to find the solution of the problem to which reference is made. It states:

"Upon the results of their labors in this direction depends the largest success of all Sunday school work. Encouraged by the achievements of the past, conscious of the needs of the present, we should face the future with high hope and strong resolve. 'Looking unto Jesus,' the Master teacher, for guidance, wisdom and strength, let us continue our efforts until the open Bible has been carried by the hand of a living competent teacher to every man, woman and child in the world."

The report shows that at the time of the appointment of the committee on education, in August, 1903, the association of 28 states and provinces of Canada were doing organized teacher training work. At present there are 61 associations that have approved teacher training departments. Fifty of these are in the United States and 11 in Canada.

The teacher training graduates during triennium number 10,016. Pennsylvania leads with 3,476. Indiana is third with 767 and Kentucky sixth with 308.

The report shows 61 states or provincial associations with approved teachers' training departments, as compared to 28 in 1903; an increase of 1,000,000 in the Sunday school enrollment, 1,000,000 conversions and a financial growth of 100 per cent.

First Effort for Adult Work.

The report of Mr. Pearce, as superintendent of the adult department of the Sunday school, also is of much interest. The report states that "this triennium marks the first organized effort on the part of the international Sunday school association to promote the organization of adult bible classes and to advance the adult department." Just before the time of the adult bible class work began to make rapid progress. Great interest awakened in all parts of the international field demanded consideration at the Toronto convention, and the adult bible class committee was appointed.

The number of approved organized adult classes is put by the report at about 1,500.

John Stites Wins Gavel.

At 2:40 o'clock Justice J. J. MacLaren, president of the international association yielded his gavel to the Hon. John Stites, of this city, the newly elected president. Both made brief speeches, thanking the convention for honors conferred.

Mrs. Mary Foster Bryner, field worker at Peoria, Ill., and the Rev. W. C. Merritt, of Tacoma, Wash., field worker for the northwest, delivered addresses in the afternoon.

"THE BARK WORSE THAN THE BITE."

"This village enjoys the reputation of being the birthplace of two members of the Legislature and one Congressman, does it not?" politely inquired the sojourner within its gates.

"Nope!" replied the landlord of the Pettville tavern, who was a pessimistic old grouch, anyhow. "It just has it, that's all."—Puck.
